The tobacco crop is about all housed, and though the crop is not nearly so large as formerly, we believe the quality generally is very good.

It is wonderful—how cheap D. Victor is selling goods. But he buys for cash and sells for cash and is thus enabled to beat all others in price and stock.

A couple of Salisbury bloods were in this city Saturday evening pretty "boozed," if you please. We won't give their names this time, but we may next time.

A short time ago a young man was compelled to sit close to his girl to fan her; now he sits close to her to keep her warm. His naughtiness, but it saves work.

One of the chief items of interest to the boys, negroes and other fan-loving folks who will attend the Keytesville fair, will be the magnificent fireworks, which is to take place between Old Uncle Duke, and the big Babylon. Two best in three for a family ticket. The old dorkie says he is bound to hate dat critter for dat prize.

The subscription raised by our citizens for the sufferers at Richmond amounted to \$72. And the amount now being raised for the relief of the yellow fever sufferers in the south will exceed that sum. We mention these facts to show that although Keytesville is a small town it is not to be excelled in liberality towards all worthy objects of charity.

The Republican and Democratic candidates for representative in Linn county are canvassing the county together, and jointly discussing the "great issues of the day." Much interest is being manifested, and the Gazette has a short-hand reporter who follows the orators from place to place, and reports their speeches by special telegram. That is, they might have.

Our friend Bayley Kneek, the Keytesville fashionable tailor, was shaved up and had on a new suit of clothes Sunday, and looked as fresh as old cherries thrown out of a wine bottle. He is a prominent member of the third party, and can discuss the finances question. Mr. Beckman, we believe, is also a prominent member of the third party organization. They should both be given important places on the ticket, if their interest, will not interfere with DeMoss.

The series of the Keytesville Brass Band have been secured for the entire day, and will be on the ground by 10 o'clock. Let all come early, and give one day to a mental, moral and musical feast—yes, and with dinner, dinner, dinner—and have a good time, and contribute your mite to the grand aggregate of that temperance influence which will bring a good time, peace and plenty to many hearts and homes now desolate.

A terrible tragedy was enacted at a picnic six miles northeast of Warrensburg, Mo., on last Saturday evening. William Haggarty and a young man named Frank Davidson, had an altercation while standing in front of a lemonade stand. After passing a few words Davidson drew a revolver and fired at Haggarty three times, the first shot passing directly through his heart, killing him instantly. Davidson was arrested and lodged in the calaboose.

Rev. Mr. Berry, the Baptist minister at Salisbury, is reported as holding the fort on the temperance question at that place. The saloons are closed, no license can be obtained as long as the Murphys stand by their colors, and old Father Berry keeps moving along the line of his forces encouraging them to firmness, and a steady front against the appeals and blandishments of the wine-bibbers. The "Joiststock Beer Club" has captured some of his men, but he has enough to hold the enemy at bay for a while, and in the mean time will make a flying visit to that hitherto place with the Prosecuting Attorney, who is known to be hard on drinking, and will dry it up at once.

LATER.—A victory has been won by the saloon men and a license granted.

When your wife and children say "Pa, may we go to the Keytesville fair?" don't say "no, times are too hard," when you and all the members of your family can go every day to the fair for five dollars—only one dollar a day spent for amusement for the whole year for a wife and children who have worked and toiled early and late through the entire season for you. Can you say no? Perhaps you say "I am conscientiously opposed to fairs." Look into it; perhaps your prejudice rests on that five dollars you do not wish to spend, or the work you wish your boys to do. Shame on you; are you a man? Just look back a few years when you owned or hired negroes; you gave them money and all of Christmas week to frolic. Surely you will give your family fair week, and some more. Let them be happy when they can, and help the yellow fever sufferers of the terribly stricken south, as 25 per cent. of the net proceeds of the entire fair will be sent to them. Miss Phoebe Cousins, of St. Louis, the "queen of the rostrum" will deliver her popular lecture on "Co-operative Farming" on Wednesday, Oct. 9th, 24 day of the fair. Come and hear the best lecture you ever listened to, from the smartest woman on the platform today, and displaying as she does wit, eloquence, oratory, intellect and attainments of a high order.

Wm. E. Hill, President.

From all parts of the country reports come of an immense stock and increasing demand for that deservingly popular Sewing Machine, The Old Reliable "Standard," the price of which the proprietors wisely reduced to \$20, including all the attachments, and at once secured for them a popularity among the people far beyond that ever yet attained by any other machine at any price, the consequence of which is, agents are leaving the old high priced machines, and seeking territory for the "Standard." Knowing from experience that with the best goods at the lowest price they can outsell all other machines, where the superior quality and low price is made known. This splendid machine combines all the improvements. Is far ahead of all others in beauty and durability of its work, ease of management, light running and certain of operation, is sensibly made upon principles, with positive working points all steel, and can be safely put down as the very perfection of a serviceable Sewing Machine, in every particular, that will outlast any machine, and at a price far down below any other. It is thoroughly warranted for five years. Kept in order free of charge. And sent to any part of the country for examination by the customer before payment of the bill. We can predict equally as large a demand for this machine as in others. Families desiring the best machine manufactured should write direct to the factory. And entreprising persons wishing to seize the chance should apply for so desirable an agency. See advertisement in another part of this paper. Address Standard Machine Co., Cor. Broadway and Clinton Place, New York. 27-26-8.

Grand Temperance Re-Union.

The grand temperance re-union and picnic of the season, for all Chariton county, will be held in Corinth neighborhood, six miles half mile north of Keytesville, and half mile east of Corinth church, on Saturday, October 5th, 1878. Numerous speakers from various points will be on hand with short, spicy, and earnest pleas for the good cause.

The series of the Keytesville Brass Band have been secured for the entire day, and will be on the ground by 10 o'clock. Let all come early, and give one day to a mental, moral and musical feast—yes, and with dinner, dinner, dinner—and have a good time, and contribute your mite to the grand aggregate of that temperance influence which will bring a good time, peace and plenty to many hearts and homes now desolate.

Carry the News to Mary!

MISS MARGARET ANN HANNAH, on Sunday evening, September 22, 1878, at the residence of Mr. B. B. Davis, this city.

As a chronicler of passing events we seldom are called upon to note one more afflictive than the one recorded above—the death of "Aunt Peggy," for by this name she was best known by all and the name itself had its origin in those qualities of mind for which her whole life has been unobtrusively conspicuous. Her sickness was only of a week's duration, death resulting from pneumonia and neuralgia of the heart. She was 59 years of age, was born in Tennessee, where she lived until the age of twelve. With her people she then came to Randolph county, this state, where she remained until shortly before the war, since which time she has made her home in this county, part of the time with Uncle Peter Crane, whose wife is a sister to the deceased. For several years she had been a member of the family of our valued fellow-citizen, Sheriff B. B. Davis. Thus another quiet life has passed away—one of the variable good annals of earth, and the highest eulogy that can be passed upon her is drawn from her own experience. She was the soul of kindness, amiability and truth, and many a little child has received her tender, soothing caress, and many a grown one, when in sadness and need, have been made strong by the Christian sympathy and cheer of "Aunt Peggy." The subject of this sketch was never married. When Mrs. Davis was an infant only eleven days old she was left without father or mother. Miss Hannah, her aunt, was then but a young lady; yet, renouncing the many society pleasures to the young, she assumed the care of the orphan and done a work worthy of her kind in raising her, working out by the week at hard labor, for pitifully low wages, to support herself and little charge.

Miss Davis, with her responsive gratitude of a Christian gentleman, has tried, during the years her home has been with him, to in some degree repay the motherly devotion his wife received at her hands when left so desolate, and nothing was left undone that would contribute to her comfort, and sooth her passage to the tomb. She lived a consistent member of the Cumberland Presbyterian church for 45 years.

Then, too, at home to the grave, but "twice with joy" to the land of the hereafter. When God was his ransom, thy guardian, thy guide; He gave thee and took thee, and now has restored thee.

Where death has no sting, since the Savior hath died.

Randolph county papers please notice.

Keytesville Fair.

Remember that our fair commences on Tuesday, October 8th, and continues five days. A liberal list of premiums are offered, the fair grounds have been materially improved, and a grand holiday season is confidently anticipated. There is more pleasure, unadulterated, unsophisticated, genuine to be witnessed and enjoyed attending a county fair than anywhere else. Then and there is the time and place to see the fat hogs, cattle, sheep and horses, the big ponies, corn and potatoes; to see the old folks and the young, eating popcorn and candy, and drinking ginger-cake and cider. Everybody goes, and stays on all the meeting is over. This season an unusually large crowd is expected to be in attendance every day. Candidates generally have determined on making the fair grounds the grand rallying point of the season. There they will have a chance to get acquainted with the old ladies and help nurse the babies. The Greenback candidates will absolutely open the canvass that week, and the Republicans will perfect all arrangements to give them a good boost. The Democratic candidates will be on the grounds to watch the enemy, and to talk about retrenchment and reform. So anyone can see at a glance that there is bound to be fun for the millions every day, and every hour, while the fair lasts. Let everybody then get ready to attend the fair.

O' tis a glory rich and rare,  
A joy that never fades or wiles,  
To carry for the county fair,  
The premium for patchwork quilts;  
But O' it thrills one through and through,  
And fills his cup of pleasure full,  
To bear away the ribbon blue,  
For braving up the biggest bull.
